תאור Description	ריבוע Square	מס' לוקוס / קיר Wall/Locus No.
We went down all the way to	D	41
bedrock in the hole (probe square)		
Not much else of interest was found.		
Some indicators + bone.		
In the north face of the hole seems to		
be the bottom of the synagogue wall,		
which rests directly on bedrock.		
A large basalt stone was found		
near the bedrock.		
* note: no coins were located at all in		
the 'probe square'.
