תאור Description	ריבוע Square	מס' לוקוס / קיר Wall/Locus No.
<p>Beginning with a new locus we went through the plaster floor and continued descending in this 'probe square'. We stopped digging here so that we could lift the surrounding pavers for the area. The rest of the day was spent lifting pavers, sweeping the loose soil, and finding coins under the pavers. Mostly pottery was found. Very loose, rocky soil.</p>	D	41
<p>A new locus was opened up for the area under the pavers. In the loose soil under pavers, 6 coins were found as well as some glass fragments (including handle) and some random metal pieces of lead + iron nail.</p>	D	42
